**Quarter 4****Summary of Cumulative Receipts, disbursements and expenditure for FY 2023/24**

The District cumulatively received from all revenue sources Ugx 42,376,529,000 at 124% level of performance. The over performance arose from Discretionary Government Transfers and Conditional Government Transfers that cumulatively performed at 121% and 127%, respectively. The over performance in these revenues was due to supplementary releases of wage, non-wage, and UGIFT grants. However, under performance was registered in Locally Raised Revenue, Other Government Transfers, and External Financing that cumulatively performed at 68%, 96%, and 16%, respectively. The under performances in Local Revenue was attributed to the fact Local revenue was not realized as planned. Similarly, under performance in External Financing was because External funders did not fulfill their obligations entirely since the District did not realize total funds as planned. All the Funds from the Single Treasury Account (STA) were transferred to User-Accounts including LLGs to implement all the Planned Activities

The cumulative expenditure performance was at 114% of the revised Budget, which indicated over performance in expenditure. This was attributed to over performance in wage that performed at 105%, Non-Wage that performed at 126%, and Domestic Development that performed at 131%. The over performance in these expenditures was attributed to supplementary releases for wage, non-wage (including pension, gratuity, pension arrears and salary arrears), and UGIFT grants.

**Quarter 4****Cumulative Performance for Locally Raised Revenues**

The District cumulatively received Ugx 254,624,000 (68%) of the approved budget of Ux 375,343,000, and this implied under performance. The under performance in Local revenue was attributed to the low local revenue collection by the LLGs, which led to deviation in performance from the planned target.

**Cumulative Performance for Central Government Transfers**

The district cumulatively received Ugx 5,149,758,000 (121%) of the revised approved budget of Ugx 5,149,758,000 for Discretionary Government Transfers. This implied over performance, and it was attributed to District Unconditional Grant Non-Wage and District Unconditional Grant Wage that cumulatively performed at 147% and 124%, respectively. These over-performances were a result of the supplementary that was released for wage and Non-Wage allocations (for Ex-Gratia. pension, gratuity, and arrears). Development performed normally at 100%.

In relation to Conditional Government Transfers, the District cumulatively received Ugx 36,547,911,000 of the revised approved budget of Ugx 36,547,911,000, and this implied over performance. The over performance was attributed to over performance in Programme Conditional Grant - Non Wage Recurrent that performed at 137%, Programme Conditional Grant – Development also over performed at 175% and this was attributed to the release of funds for Seed schools . Furthermore, Programme Conditional Grant – Wage Recurrent over performed at 113% due to a supplementary of Ugx 569 million that was released in Q4. However, Transitional Conditional Grant – Development performed normally at 100%.

**Cumulative Performance for Other Government Transfers**

The District cumulatively received Ugx 369,278,000 (96%) as funds from Other Government Transfers out of the approved revised budget of Ugx 384,352,000. The underperformance was attributed to funds under Vegetable Oil Development Project that cumulatively performed at 48%. However, over performance (152%) was registered in Uganda Women Entrepreneurship Program (UWEP) because the department of Community Based Services received additional funds for women’s day celebrations. Uganda Road Fund (URF) performed normally at 100%.

**Cumulative Performance for External Financing**

The District cumulatively received Ugx 54,958,000 (16%) of the approved budget of Ugx 350,000,000. The under-performance was because external funds were not realized as planned.

**VOTE: 811 Budaka District****Quarter 4****SECTION B : Summary by Department****Summary of Department Revenues and Expenditure by Source**

The department cumulatively received 128% of the approved budget, implying over performance due to Non Wage Recurrent that cumulatively performed at 206%. This over performance was due to supplementary for pension, gratuity, and arrears. Normal performance (100%) was registered in District Wage, Urban Wage, DDEG, and Transitional Conditional Grant – Development. However, there was under performance in District Non-Wage (59%), LRR (59%), Transfers to LLGs\_NonWage (42%), and Transfers to LLGs\_Gou (50%). The Department’s cumulative expenditure performance was at 122%, and this implied over performance which was as a result of Non-Wage that over performed at 154% cumulatively. This over performance was because of the supplementary for pension, gratuity, and arrears. Domestic Development performed normally at 100%. However, wage expenditure performed at 81% cumulatively, and this was because some of the department’s staffs were instead paid from other departments due to IFMIS issues.

**Reasons for unspent balances on the bank account**

The unspent balance of wage was Ugx 290,509,000, and this was because of the supplementary wage that the department received as well as due to the fact that some staffs were instead paid from other departments due to IFMIS issues.

The Unspent balance of non-wage was Ugx 139,277,000, and this was due to the supplementary that was received

The negative unspent balance of Ugx -148,767,000 was meant for development (Multi-Sectoral Transfers to LLGs\_Gou), and it arose due to under allocation of actual release against the approved budget in Q3, leading to over expenditure and under allocation in Revenues.

**Highlights of physical performance by end of the quarter**

**Summary of Department Revenues and Expenditure by Source**

**VOTE: 811 Budaka District****Quarter 4****SECTION B : Summary by Department**

The department cumulatively received 99% of the approved annual Budget, and this implied under-performance which was attributed to under-performance in Local revenue that performed at 57% cumulatively. Wage and Non-Wage cumulatively performed normally at 100% each. Development over performed at 200% cumulatively and this was because the system captured Development funds (Ugx 10,000,000) twice. The department's cumulative expenditure was at 90%, and this implied under performance which was attributed to wage and non-wage that cumulatively performed at 91% and 87%, respectively. Under performance in Wage was because some of the department's staffs were paid from other departments due to IFMIS issues while non-wage underperformed because local revenue was not realized as planned.

**Reasons for unspent balances on the bank account**

The unspent balance was Ugx 29,750,000 of which 19,584,000 was wage for some staffs who were instead paid from other departments due to system issues while 166,000 was non-wage and 10,000,000 was for Development. The unspent balance for development arose because the system captured Development funds twice. The balance on wage was money meant for deductions for Uganda Revenue Authority and money for Uganda Consumer Bankers. The unspent Non-wage was due to some invoices which were not yet cleared by 31st June 2024 on the IFMS due to delays in reconciliation of TSA Account maintained centrally by the ministry.

**Summary of Department Revenues and Expenditure by Source**

**VOTE: 811 Budaka District****Quarter 4****SECTION B : Summary by Department**

The department cumulatively received 96% of the approved annual Budget, and this implied underperformance. The underperformance was due to the fact that Development performed at 29% cumulatively. However, Wage and Non-Wage Recurrent performed normally at 100%. The department's cumulative expenditure performance was at 74% of the approved expenditure budget and this implied underperformance. The underperformance in expenditure was attributed to wage which cumulatively performed at 70% and Non-wage that cumulatively performed at 95%. The underperformance in wage expenditure was due to the fact that some staffs were paid from other departments due to IFMIS errors. The underperformance in non-wage expenditure was due to non reconciliation between revenues and actual expenditure on the system. The performance of Domestic Development expenditure was at 100%, indicating normal progress.

**Reasons for unspent balances on the bank account**

The unspent balance of Ugx 75,012,000 was meant for salaries of staffs who were instead paid from other departments due to IFMIS errors.

Regarding the negative unspent balance of Ugx 10,000,000 that was meant for Development, the PBS system reflects that the Department cumulatively received only 29% (ugx 4,000,000) of the approved budget for development by the end of Q3, At the same time, the PBS system also indicates that 100% (Ugx14,000,000) of the approved budget for Development was cumulatively spent by the end of Q4. Typically, this implies that the system did not recognize the 71% revenue (Ugx 10,000,000) that was spent in Q2. Consequently, this gave rise to the negative unspent balance, and this was due to non-reconciliation between Revenues received and actual expenditures made on the PBS system.

**VOTE: 811 Budaka District****Quarter 4****SECTION B : Summary by Department**

The department cumulatively received 99% of the approved annual Budget, and this indicated underperformance which was because locally raised revenue performed very poorly at 48%, because it wasn't realized as planned. Both wage and Non-Wage Recurrent performed normally at 100% cumulatively. However, Other Transfers from Central Government over performed at 152% cumulatively and this was because the department received 3 Million shillings that was used for women's day celebration in addition to the UWEP funds that were available for operational support for YLP/UWEP. The department's cumulative expenditure was at 87%, indicating underperformance. This underperformance was attributed to wage and Non-Wage that cumulatively performed at 83% and 96%, respectively. The underperformance in wage expenditure was because some staffs were instead paid from other Departments due to system errors. The underperformance in Non-Wage expenditure was due to non-realization of LRR as planned

**Reasons for unspent balances on the bank account**

The unspent balance of Ugx 21,931,000 was basically for recurrent expenditure, out of which Ugx 21,733,000 was for salaries of staffs that were instead paid from other departments due to system issues. Besides, Ugx 198,000 was for facilitation of the implementation of departmental recurrent activities.

**Summary of Department Revenues and Expenditure by Source**

**VOTE: 811 Budaka District****Quarter 4****SECTION B : Summary by Department**

The Department cumulatively received 82% of the approved budget and this implied under-performance. The under-performance was attributed to local Revenue and DDEG that cumulatively performed at 22% and 64%, respectively. The under-performance in local revenue resulted from the failure to realize local revenue collections as planned. Wage and non-wage performed normally at 100%.

The cumulative expenditure performance was at 83%, and this implied under-performance which was attributed to under-performance in wage and non-wage. Wage expenditure under-performed at 67% cumulatively, and this was due to the fact that one of the department's staff was paid from another department due to IFMIS errors. Non-wage under-performed at 82% cumulatively, and this was attributed to non-reconciliation between revenue and actual expenditures made. Development cumulatively performed normally at 100%.

**Reasons for unspent balances on the bank account**

The unspent balance of Ugx 19,143,000 was wage which was because of the fact that one of the Department's staff was instead paid from another department due to IFMIS issues. In addition, the unspent balance was also a result of the fact that wage was initially meant for two Officers (The District Planner and Senior Planner). However, the Senior Planner transferred his services to the Ministry Justice and Constitutional Affairs. As a result, the department replaced the Senior Planner by recruiting a Planner whose salary is less than what the Senior Planner was earning. Consequently, the recruitment of a Planner also contributed to the unspent balance for wage. The negative unspent balance of Ugx 22,508,000 was attributed to under allocation of actual release against the approved budget in Q3 which caused over expenditure and under allocation in Revenues in Q4.
